MADURAWAWE

Application No.: 10/762,627

Filed: 1/23/2004

For: Insulated-Gate Field-Effect Thin Film Transistors

Examiner: Long Pham

Art Unit: 2814

AMENDMENT AND RESPONSE

7/28/2005

Commissioner for Patents

PO Box 1450

Alexandria, VA 22313-1450

Sir:

The Office Action in the office communication mailed 06/29/2005 listed the following:

1. Claim 1, 13 & 17 do not have antecedent bases in the claim language.
3. Claims 1-6, 13 and 17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ichimori (2002/0036320) in combination with Vinal (5151759) and Houston (2002/0180069)
4. Claim 7-12 and 14-16 and 18-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form.

In response to the office action, the applicant has herewith filed an amendment and response. The response addresses all concerns listed in the office action. In view of the amended claims and arguments presented, the Applicant submits that all claims are placed under allowance, and withdrawal of all rejections and objections is respectfully requested.

Please amend the claims as follows:
